PIETRADOLCE

Our winery found its home in Solicchiata, on the northern slopes of Mount Etna. Most of our tastings include the guided vineyard tour and of the cellar, where the wines rest, followed by the story of the company history and philosophy.

WINERY TOUR

The cellar is a mix of art and artisanship which gives life to contemporary style spaces strongly connected to their territory. The cellar becomes a collection of pieces of art from local artisans and Italian artists of international level who employ glass, metal and paper to create natural shapes that show primordial aspects.

RADICEPURA

It is possible to visit, upon reservation, the Botanical Park of Radica and some of the insides are the installations and the gardens of the third edition of the Radicepura Garden Festival.

Prices:

Adults €10,00.

Children from 12 to 16 years old € 5,00.

Children under 12 years old

free of charge.
