Set on a hilltop in Tuscany's Val d'Orcia, Mastrojanni Relais invites you to experience Montalcino through wine, art and the beauty of its landscape. With just 11 rooms and suites, each with breathtaking views, the atmosphere is intimate and the pace unhurried.

Interiors by artist Vittorio Corsini bring an unexpected contemporary spirit to traditional Tuscan architecture. Bespoke furniture, local materials and bold colours give each room its own character, while some offer private gardens for quiet moments outdoors.

At Reniala, Chef Tommaso draws inspiration from the estate's vegetable garden, bringing seasonal ingredients and a sense of place to the table. Enjoy leisurely meals paired with wines from Mastrojanni and beyond, then unwind beside the infinity pool overlooking vineyards and olive groves.

Just steps from the relais, the historic Mastrojanni winery welcomes you for private tours and tastings, offering a closer connection to its Brunello and Rosso di Montalcino and the traditions behind them.
A private winery tour and tasting is included with every stay in the Suite category.

MASTROJANNI
Villas

Villa Poderino, the first in the Mastrojanni Villas collection, invites you to make Tuscany your own. Set among the estate's vineyards, just a five-minute walk from the relais, this private retreat by artist Vittorio Corsini combines contemporary design with sweeping views of Sant'Antimo Abbey and Castelnuovo dell'Abate.

Spanning 2,745 sq ft, the villa welcomes up to eight guests in four individually designed bedrooms, including a separate guest annex, each with its own bathroom. Natural stone, wood and bold colours create a home with character, while generous living spaces offer room to gather and unwind. A fireplace, a dining table for eight and a fully equipped kitchen set the scene for relaxed evenings together. A private chef can be arranged for a memorable dinner at home.

Outside, a private pool and gardens open onto the Tuscan landscape. Spend slow afternoons by the water, enjoy the wood-fired pizza oven and linger over dinner outdoors as artist-designed garden lights illuminate the evening.

Every stay includes a complimentary Mastrojanni Experience: a private tour and tasting at the historic winery, connecting your time in the villa with the wines and traditions of the estate.
